Philosophy

We feel that good communication is based on mutual trust and respect, and that the development and maintenance of good relationships are of the highest priority. We achieve this by;

- Providing an open door policy
- Promoting partnership
- Respecting all points of view
- Listening
- Valuing each other's opinion
- Modelling respectful communication between each other

Communication will always be:

- Open, honest and ethical
- Jargon free and easily understood by all
- Be implemented within a reasonable time
- Use the method of communication most effective to the context and audience
- Respectful of the feelings of all involved

Every member of the school community has a responsibility to support our vision, values, our aim and philosophy and needs to recognise that the quality of their communications reflect on the school's reputation.

Appropriate methods of communication

We expect parents/carers to inform school of any daily issues which we need to be made aware of that day; i.e. appointments, changes to collection etc. These should be sent to the school office by email or a telephone call.

Drop in/Telephone calls: 'Drop ins', as usual, to visit your child's class teacher on Monday afternoons between 3:15pm and 3:45pm without appointment. We are able to offer a telephone conversation subject to mutually agreed dates and times. We encourage parents/carers to share issues or concerns about their children as soon as possible. It is important that any requests for telephone or in-person meetings are organised by contacting the school office directly.

All communication is treated in the strictest of confidence in line with our confidentiality policy guidelines.

We communicate with parents/carers by:

Parentmail ~ We have a text messaging and email system to keep parents and carers informed of school activities and events.

Twitter ~ Is used to inform the school community of school events, achievements and the learning taking place in classrooms.

Written reports ~ Annually, we provide a full written report at the end of the academic year. This report identifies areas of strength and possible areas for future development. Children are given the opportunity to comment on their own progress and parents and carers are invited to make a similar comment.

Parent/Carers Evenings ~ Take place twice a year. Once in the Autumn Term and once in the Spring Term for a private consultation regarding their child's progress. This gives the opportunity to celebrate their child's successes, and to support their child in areas where there is a particular need for improvement.

Seesaw ~ Is used to provide children with weekly homework tasks providing the opportunity to reinforce the learning which has taken place in class that week. Parents and carers are encouraged to support their child with their homework. In the event of school closures for reasons such as bad weather, then work will be set on Seesaw by the class teacher.

We communicate with Governors by:

Parentmail/Email ~ Governors are kept informed of all school events, receive agendas and associated papers prior to sub-committee meetings and Full Governors meetings.

Meetings ~ Full Governors Meetings take place half termly where an overview of the schools performance is reported and reviewed and future developments considered. These meetings take place in school, with governors also given the opportunity to access the meeting remotely.

Headteacher Report ~ is submitted half termly and presented at the Full Governors Meeting. It covers standards and performance, curriculum activities and events, residential visits, SEN report, Pupil Premium, policy approval, community involvement, partnership links alongside statutory reporting agenda items.

Monitoring ~ Subject Leaders attend Governors meetings on a rolling programme to report back on recent whole school monitoring.

Governor Working Day Visits ~ Governors are encouraged to experience the classroom learning activities presented to the children by the teachers. Any visits are recorded and governors are encouraged to feed back their observations and experiences during Governor Meetings.

Governor Hub ~ Governors account enables accessibility to the most up to date versions of key documentation regarding the school's performance.

Governor Training ~ Governors are encouraged to attend Governor training sessions to keep up to date with current educational initiatives. A timetable of Governor training is developed and shared with all Governors.

The SLT/Governors and School Improvement Partner supports this process. Feedback to staff is given as soon as possible following lesson observations, learning walks and book scrutiny initially verbally and usually followed by a written statement on the Subject Leaders report.

Support may be provided by Health Professionals (such as Speech and Language Therapy, Occupational Health and Physiotherapy), by Educational Psychologists, or from behaviour specialists. Advice and support is also provided by Educational Welfare or Social Services.

Children have a fundamental right to be protected from harm and their protection is a shared responsibility. Our school aims to provide a safe and secure learning environment. When any member of staff has concerns about a child, these will be passed on to the Designated Officer for Safeguarding who may share this information with outside agencies in line with our Safeguarding Policy.

We hold information on pupils in our school, and from time to time we are required to pass some of this information to others for educational or safeguarding purposes. Details have been sent to parents about the types of data we hold, why we hold that data, and who we may pass it on to. This is a requirement under the Data Protection Act 1998.
